

MRWA WATER OPERATION & MAINTENANCE TRAINING SESSION

AGENDA

- 8:00am** **MRWA Updates and Services**
See what's new in the industry and learn about the changes in store for water and wastewater operation specialists. Get the latest on MRWA training, events, and technology.
- 9:00am** **Locating Your Watermains and Service Lines**
Locating your watermains and service lines can be tricky. Learn how to correctly use the trace wire spec and what you are legally obligated to locate on a Gopher State One request.
- 10:00am** **Fire Hydrant Maintenance**
Learn how to properly maintain and keep your hydrant in working order to get the most life out of your equipment. Find out why are there so many hydrants to choose from.
- 11:00am** **MDH Updates**
Learn from the Minnesota Department of Health what you should be doing to keep your water system in compliance and what to do in certain emergency situations.
- 12:00pm** **Lunch - (On Your Own)**
- 1:00pm** **Proper Water Sampling Techniques**
Learn water sampling techniques: what to know, how to take accurate samples, and what to look for. See how to maintain good sampling records at this session.
- 2:00pm** **Water System Security**
Cyber-Security and threats updates: what to look for, criminal acts, and terrorism.
- 3:00pm** **Operator Round Table**
This session will be an operations specialist round table discussion. Topics covered will include treatment options to water meters. See what other operations specialists are doing. Bring your questions!
- 4:00pm** **End of Day**

September 26, 2018
