

MRWA WATER OPERATION & MAINTENANCE TRAINING SESSION

AGENDA

- 8:00am** **MRWA Services & Round Table Discussion**
See what's new in the industry and learn about the changes in store for water and wastewater operation specialists. Get the latest on MRWA training, events, and technology.
- 9:00am** **Top of the Tower Training**
Any and all water tower questions that you have will be answered in this interactive group session.
- 10:00am** **Accurate Flow Measurement**
Accurate flow measurement in your water treatment facility or well is vital to your system. Learn the techniques to achieve this so you know what you are really producing or losing.
- 11:00am** **MDH Updates**
Learn from the Minnesota Department of Health what you should be doing to keep your water system in compliance and what to do in certain emergency situations.
- 12:00pm** **Lunch - (On Your Own)**
- 1:00pm** **Proper Sampling Techniques**
Learn the lab requirements for receiving samples to meet holding times.
- 2:00pm** **How To Protect Your Water Systems When You Are Overwhelmed By Storms**
Emergency response pumps: See what's available to help protect your water system when unexpected floods occur. Pumps will be on site for demonstration as a part of this presentation.
- 3:00pm** **Water Treatment Hazards**
See the rules and regulation requirements from Minnesota OSHA and learn what safety violations to watch out for.
- 4:00pm** **End of Day**

August 15, 2018
MRWA Water
O&M Training

The Showboat Pavilion
114 South Center St
Lake Benton, MN

About the Class:

Get valuable information you need from our expert trainers to maintain compliance with the Safe Drinking Water Act (SDWA) and state regulations.

Technical assistance to address compliance issues is available from Minnesota Rural Water Association at no cost.
